Proven Optics Named to Carahsoft ITES-SW2 Contract to Support U.S. Army Enterprise Infrastructure Goals

Proven Optics Teams with Carahsoft to Provide Financial Management Application Suite to Federal Government

Columbus, OH – July 12, 2021 – Proven Optics, a practitioner-founded software and services company, today announced that it has been named a manufacturer on the Information Technology Enterprise Solutions – Software 2 (ITES-SW2) contract for the U.S. Army Computer Hardware Enterprise Software and Solutions (CHESS). This contract is held by Carahsoft Technology Corp., The Trusted Government IT Solutions Provider®, and is effective through August 30, 2025.

ITES-SW2 is a firm-fixed price, indefinite delivery/indefinite quantity contract vehicle for commercial off-the-shelf software products and related services and hardware. The contract has no fees, and ordering is open to all Army, DoD and Federal agencies and authorized systems integrators on a worldwide basis. Under this contract, Carahsoft provides software from Proven Optics to support Federal agencies' enterprise infrastructure goals

"Proven Optics is pleased to expand our relationship with the U.S. Army by becoming a manufacturer on the CHESS contract. We believe this will enhance the capability of DoD to access our incredibly valuable Financial Management applications," said Ben Perkins, Co-Founding Partner of Proven Optics.

The Proven Optics Financial Management Application Suite combines Public Sector expertise with digital workflows to modernize the experience for end users and financial managers and help leadership make more informed financial decisions. The Financial Management Application Suite includes a Budget Formulation and Execution Application that creates and tracks budget line items and funding source alignment seamlessly through budget execution on the ServiceNow Platform. In addition, the Financial Management Application Suite includes the TBM Cost Modeling Application that provides service-based costing and enables TBM cost modeling for IT leaders to drive strategic decision-making capabilities and improved business outcomes. Accompanying the Cost Modeling Application is an application that facilitates customer invoicing and chargeback of the different IT services customers are consuming in the cost model.

Proven Optics software solutions are available through Carahsoft's ITES-SW2 Contract W52P1J-20-D-0042. For procurement information, contact Carahsoft's ITES-SW2 contract team at (703) 871-8681 or ITES-SW2@carahsoft.com; or visit Carahsoft's dedicated ITES-SW2 contract resource center.
